

THE MONITOR NEWS

VOL. 5

MONITOR, ALBERTA, FRIDAY, MARCH 19th

1920.

NO. 13

Local Happenings

Mr. Dave Vosburgh returned to Monitor last Friday from an extended visit in the States. He is very much better for his rest, he says.

Sounding Lake U. F. A. general meeting 1st Saturday in each month 8 p.m., at Horse Shoe Schoolhouse.

An epidemic of window cleaning struck town last week. Nearly every business place now has clean windows and it sure is some improvement to our Main Street. Now, if an epidemic of painting and building will hit us, we will be ready for the oil boom.

Glad to report Rev. J. L. Wright has recovered from his illness.

St. Laurence Church now boasts a new chimney, repairing the one blown down a little while ago.

NOTICE to Ratepayers in Municipal District of Stewart.

I take this opportunity to ask the ratepayers of the above Municipality to co-operate with the council for the destruction of gophers, the council have set the 10th day of April 1920 for the first organized attempt to destroy gophers and we earnestly ask all ratepayers to get out in force and poison gophers that day. Poison will be provided at the rate of one tin per 1/2 section if this proves a success another date will be set for May and another tin per 1/2 section provided, poison can be obtained from Councillor of each Ward in about 10 days time or less.

Thos. Partridge

Next council meeting in Monitor on April the 3rd, that date will be the last day seed grain will be given this year.

NOTICE

Arrangement are completed for the delivery here on MONDAY NEXT, of three cars of Oats. Farmers in the Municipality of Stewart desiring the same will please bear in mind that unless the oats are taken off the cars, an additional charge of Three Cents per bushel will be added to the purchase price.

For the first time in the history of the Village the C. P. R. fell down on its schedule to such an extent that last Monday the west train failed to put in an appearance at all, and the following day the East train didn't show up. The train from the east arriving Tuesday at about 5:15 p.m.—20 hours late. This state of affairs being due of course to the blizzard experienced throughout the two provinces on Sunday last.

Const Stevens of the A. P. P. left on Tuesdays train on business. Points west.

Born To Mr. and Mrs. Wm. Schreier of Monitor, at Springfield, Ill, U. S. A. on Tuesday, March 9th, 1920, a daughter, Frances Catherine, 7 1/2 lbs, additional locals inside

Worst Blizzard For Many Years Hits

The District East Sunday. No Casualties

C.P.R. Has Three Trains and Two Snow Plows Stuck In 15ft Drifts East of Outlook

Last Sunday's blizzard surely played a merry how-de-do with the well ordered lives and nerves of the citizens of Monitor and district. The first excitement proved to be the disappearance of Mr. Joe Hamer who had gone out previous to the blizzard to look for his horse. A posse was formed and the country quickly scoured for traces of the missing man, who was eventually found some seven miles south of Monitor in a live state, but very stiff from his battle with the elements and the piercing cold. Then came the word that the bank staff had gone to New Bridgen, and were snowed in there. However, as the hospitality of the New Bridgenites is known and appreciated wherever they are heard of, no cause for alarm was felt. If they had gone to Altario—

Following this near calamity, the snow plow which went through Monitor at about 11 a.m. on Monday caught one of Bert Hutchinsons best brood mares on the track, at Spencers crossing (just east of Penmakan) killing the animal and carrying the carcass a mile and a half before it was noticed. Then to

cap the days work, Ye Ed wandered down to Penmakan station at 2:30 to catch the train for Monitor, and stayed in the station and the section house (still waiting for the train) until near midnight—then went and got lost going half-a-mile to his sisters place. However, it was ill wind that blows no-one any good. Mr. Hamer avers that he found seven gopher holes, full of oil. The bank boys had a half-days holiday. The train crew had a rest and the Ed had a splendid chance to visit the Art Galleries and other public buildings at Penmakan (which chance he didn't take) However, now that its all over, and no damage done, the blizzard passes to the realms of the has-beens, but while she lasted, boys, she sure was a bear.

To Whom It May Concern,

Be it known by these presents that I, the undersigned, desire to publicly apologise to Mr Roy Cramer, for my speech and actions towards him on the 4th of March, in Monitor.

Signed,

W. F. Moorhead.

Everything For The Spring Rush

We compete with Eatons prices on Formaldehyde in small lots—60 cents a pound.

We are the exclusive agents for the famous Ever-Ready Gopher poison, put up in tins in liquid form. Just pour the contents of the tin over 6 quarts of oats, chop or wheat, and hike for the field. Ready in five minutes, guaranteed. We handle all other makes of poisons.

Full line of stock foods and conditional powders at the same old prices, no raise. Choice chocolates and confectionery, Kodaks and supplies. Up-to-date literature in Magazines, etc. The best of everything in Stationery. Full line of Drugs and patent medicines. Take a Spring Tonic and feel the difference.

Cutters Blacklegoids, ten dose vial for \$1. Can you beat that price? Fill injectors at \$1.50. We also handle the Liquid Blackleg Aggrasin, Palm Olive soap, 2 cokes for 25 cents. THE KENNEDY DRUG COMPANY

Church Announcement

Norwegian Lutheran Service will be held at Butte Church Sunday 21st March at 11 a.m. T. O. Kjos. Pastor.

News Of The World

Charles Garvice, the successful novelist, dramatist and journalist, died in London recently. He was correspondent for several of the leading English and American papers, but gained most of his popularity by his novels.

The strike, which began last week on the Paris-Lyons-Mediterranean road, was followed Saturday by an order for a strike on all the railways of France. This, however, was short-lived, the Government promptly mobilizing the railwaymen for military duty, and arresting a number of the leaders. The strike collapsed on Monday night, when both parties decided to refer questions in dispute to Premier Millerand.

Fifty people were injured in a melee which took place in the neighborhood of the House of Commons in London recently, when mounted police stopped a procession of 5,000 discharged workmen—mostly ex-soldiers—who attempted to march on Downing street.

The scarcity of food in Germany is reported to be growing daily. Stories from the frontiers tell of Germans stealing across the border by hundreds in order to beg bread of the Dutch peasants.

The abrogations of the control of sugar prices by the Board of Commerce has been followed by immediate action on the part of the sugar refineries in raising their prices.

A statement issued here shows that prohibition is causing so many foreign-born to leave the United States that emigration is now exceeding immigration. According to Ellis Island records 53,000 people came into the United States and 61,000 people left since January 1.

For the purpose of establishing a home and industrial school for the Indian children of Alberta, the Indian department of the federal government of Canada has purchased the Robert Hume farm of 855 acres, situated a short distance north of Edmonton.

A school building will be erected on the farm at a cost of about \$100,000. Under the government and the different churches in carrying on the educational work among the Indian people, the government provides the plant, and a per capita tax, while the churches provide the chapels and manage the school, meeting any deficits the they should arise from year to year.

Mr. L. J. Gauthier, speaking on an address recently, declared that the province of Quebec had been misjudged, ill-treated and slandered, but was waiting its hour, and would not confer with the rest of Canada, before it came.

Canada; A Nation In A League of Nations

Participation in the Great War carried Canada into world politics. Prior to the war many Canadians had got into the habit of referring to Canada as a nation, but when it came down to a definition of our legal and international status it had to be confessed that we were still a colony, a dependency of Great Britain. The Great War has finally changed Canada's position in the world. Great Britain no longer looks upon Canada, Australia and other overseas dominions as colonies—mere dependencies, but as sister nations with Britain herself, the whole united in one partnership of equality under one Crown and forming the British Empire.

Recognition of Canada's changed status is not confined to the Empire itself; it is now officially and legally recognized in an international sense by the admission of Canada as a nation in a world League of Nations, a League wherein Canada has equal standing and equal responsibilities with all the sovereign nations of the world. Canada's right to such a status may be questioned, and recognition delayed, by the United States Senate, but it is accepted and approved by all other nations, and the United States will either have to accept it or remain outside the League of Nations.

Because of this change in the international status of the Canadian Dominion, and the new responsibilities imposed upon Canada, it is not only right but necessary that our people should take an interest in, study, and endeavor to understand international questions, world politics, international finance, and all the many questions which have a vital influence upon the currents of the world's public opinion. No longer can Canadians be content to allow the British foreign office and the British Parliament to settle all international problems for us; we must now study, understand, and take an active part in the settlement of all such problems ourselves.

Undoubtedly one beneficial effect of this larger interest and vision in world affairs will be to broaden the view of our people in the consideration of domestic questions. As time passes we are likely to become less petty and parochial in our home politics as we learn the necessity of compromise, and a policy of give and take, in the settlement of the many knotty international problems created by geographical barriers, and racial and creed divisions. Administering a world-wide empire, the people of the British Isles long ago learned this lesson of tolerance, and appreciation of the other fellow's viewpoint, and, hav-

ing learned it, it became Britain's greatest asset in successful colonial administration and world diplomacy. Canadians will learn the necessity of tolerance in dealing with great international problems, and by the application of a greater tolerance at home many of the prejudices which now retard Canadian development will fade away.

In the past Canadians have been too self-centred. Lacking that close intercourse with other nations and peoples, which our new international status will force upon us, we have failed to appreciate many of the fine qualities of races whom we have brushed aside as "foreigners"; we have failed to learn from them many things which would have added richness and variety and strength to the life of Canada; we have been too intent upon the practical problems of Canada and the reaching of solutions by ourselves without regard to the history of other nations, and have thus frequently made mistakes which could easily and ought to have been avoided by a consideration of the solution of similar problems elsewhere.

The introduction of the larger issues of world politics into the political discussions and life in Canada will not serve to weaken our interest in, or divert our attention from, domestic problems and issues; on the contrary, it should serve to strengthen the determination of our people to approach and settle them in a bigger way than ever before in order that Canada may become more and more united and better fitted to perform its part with honor and credit to itself as a nation in the League of Nations.

Formerly a debtor country to Great Britain, United States and other countries, Canada today has become a creditor nation. Belgium, Rumania, France and other countries are now in Canada's debt. We have a direct interest in their welfare and stability. Canada has established a great mercantile marine, with ships plying to ports in all parts of the world, and within a year or two the number of ships flying the Canadian flag will be two or three times greater than today. Canada's international trade and commerce is expanding by leaps and bounds. A new national consciousness is at work which is the outgrowth of the war and our new national status and dignity.

If this new consciousness is developed, and the people of Canada lay aside their old sectarian quarrels and bitterness, and set themselves energetically to the task of developing their own natural resources, and increasing production for world consumption, they will quickly find their Dominion forging ahead to that place which destiny intended Canada to occupy, and the hope of which was the inspiration of the fathers of Confederation, and the dream of our earlier pioneers.

Remove Those Unsightly Warts

By applying Putnam's Corn and Wart Extractor. It cures corns, warts and bunions permanently, painlessly and surely. Every druggist in America recommends and sells Putnam's Extractor; it's the best, 25c per bottle.

Soldier Settlement Loans

Loans approved by the Soldier Settlement Board now total nearly \$57,000,000, and some 35,213 returned men have passed the necessary tests to qualify them as agricultural settlers. Up to February 14, the number of settlers' loans approved was 15,083, and over 12,000 were established on farms and have got a good start in their agricultural career.

Airplane Comes Down to Business

The airplane has now taken its place in the day's work. A telegraph trouble-hunter in the Panama Canal zone made the flight to a break-fifty miles away, completed the repairs, and was back at his starting place in ten minutes less than two hours. The trip would have required three days by the method hitherto employed of horseback travelling through the jungle.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With our fingers you can lift off any hard corn, squag corn, or corn between the toes, or the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting; then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Spring Ploughing in British Columbia

Exceptionally favorable weather has been experienced for farming operations throughout February, says a report from Hazelton, British Columbia, and the result is to be seen in the many newly ploughed stretches of land, much of it virgin soil newly cleared. There is every indication that seeding will be accomplished much earlier all round than was possible last year in this neighborhood.

"Cold in the Head"

is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the blood, and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the Mucous Surfaces of the System. All Druggists 75c. Testimonials free. \$100.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. F. J. Cheney & Co., Toledo, Ohio.

Labor Bureau Places 33,399 Persons

During 1919 there had been 40,180 men and 4,668 women applied for positions through the government labor bureaus in Alberta. Of these jobs were found for 30,018 men and 3,381 women. The cost of operation was \$39,879 or \$92 per applicant and \$119 per placement. The cost to the province was \$60.76, the remainder being borne by the Dominion.

Nine hundred and ninety-seven cutting tools alone are required in manufacturing a modern rifle. The twist drill is one of the busiest of these. To supply 1,000,000 rifles, 94,000,000 holes must be drilled.

Minard's Liniment Relieves Neuralgia

Creamery Butter Production

Dairying is Advancing Rapidly in Saskatchewan

F. H. Auld, Deputy Minister of Agriculture for Saskatchewan, is authority for the statement that creamery butter production in Saskatchewan has increased during the past year from 30 to 35 per cent., as compared with the year 1918. The increase in 1918 over the year 1917 amounted to 50 per cent.

Saskatchewan is fast coming to the front as a dairy producer, but even more rapid development is looked for in the future. Quality counts, and everything that can be done in the way of emphasizing the need for a higher quality of butter is considered a step in the right direction.

WHEN BABY IS CROSS

Mothers, when your baby is cross—when he cries a great deal and no amount of attention or petting cheers him—something is the matter. It is not the nature of little ones to be cross and peevish—the well child is a happy child. Give him a dose of Baby's Own Tablets, and he will soon be well again. The Tablets are a mild, but thorough laxative, which regulate the bowels and stomach; banish constipation and indigestion; break up colds and simple fevers; and relieve the other minor ills of little ones. Concerning them Mrs. Oscar Bedard, Ste. Sophie, Que., writes: "Baby's Own Tablets are an excellent remedy for constipation. They relieved my little one when nothing else would, and I can strongly recommend them to all mothers." The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Farm Lands Sell for Over \$100 Acre

Farm lands near Morden, Manitoba, sold for over one hundred dollars yesterday when the McCuish farm just east of the town sold for \$105 per acre, the farm of Rove Henderson, adjoining Morden to the north, for \$110 per acre.

Greatest of All Cunning The greatest of all cunning is to seem blind to the snares which we know are laid for us; men are never so easily deceived as while they are endeavoring to deceive others. — Rochefoucauld

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the only mark (registered in Canada) of Bayer Manufacturing of Monoaceticacid of Salicylicacid. While it is well known that Aspirin means Bayer, the public is often misled by cheap imitations. Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

GOVERNMENT CLYDE STALLION

Parties wishing to breed mares to the Clydesdale stallion purchased by the Alberta Department of Agriculture "Craigie Masterpiece" 1897, during the season of 1930, will make application to S. G. Carlyle, Live Stock Commissioner, Department of Agriculture, Edmonton, giving name and registration number of mare; A fee of \$25 will be payable at time of service, and a further fee to be fixed by the Clydesdale Committee and the Live Stock Commissioner, will be payable when mare proves to be in foal.

The location of the horse in the province will also be decided by this committee, and arrangements will be made that the service fees in every case will cover the freight so as to equalize cost to parties residing in different parts of the province. Further particulars will be published shortly, but parties desiring to breed mares should make application at once.

The stallion will likely be ready to begin the season about May 1st. The Committee and Live Stock Commissioner reserve the right to revise the list of applications and make such rules and regulations as may be deemed necessary regarding the services of this stallion.

S. G. CARLYLE
Live Stock Commissioner.

Sickly Women Given Strength Vigor, Spirits

Many of the woes of womanhood are due to kidney weakness. At first the back aches. Then pains gather about the hips and lodge right in the small of the back.

To stoop or bend seems impossible. Headaches are constant. Unhappy existence. No pleasure in life when the body is overloaded with poisons that the sick kidneys can't filter out.

Bright's disease is the next stage, but it can be prevented by using Dr. Hamilton's Pills of Mandrake and Butternut. They cure sick kidneys and cure them permanently.

When the kidneys work properly pure blood is formed.

This means a nourishment and strength for the whole body. Backaches and dragging pains are forgotten. Irregularities disappear, vital energy is restored, and happy, robust health is once more established.

Dr. Hamilton's Pills for women's ills is the slogan of thousands today. Enormous benefit in many ways follows their use, and no woman or girl can use medicine that will do their general health more good.

For the sake of your kidneys, for the sake of your liver, for the advancement of your general well-being, you can't improve on Dr. Hamilton's Pills, 25c per box.

The Prairie Chicken

Only Drastic Measures Will Prevent
Total Extinction of This
Game Bird

Any laws concerning limit of bag when closure of season against prairie chicken is removed, that is unless heavy penalty for infringement is provided, will be difficult to enforce. Of course, this will not apply to true sportsmen, who respect not only law but the rights of others as well as themselves.

The above remarks were recently uttered by a Winnipeg gentleman. He has dwelt in Manitoba many years and during that period has studied the prairie chicken question from all standpoints.

The fact remains that travel wherever you wish in Manitoba and Saskatchewan few chickens are to be seen. Yet it is claimed by sport "authorities" snugly ensconced in comfortable offices that the birds are displaying signs of increase. It is indeed pleasing to learn such is the case; it does not, however, require a Philadelphia lawyer to realize the reported progress savours largely of a fairy tale type, at least, so declares a Winnipeg commercial traveller, who has during the last few months covered thousands of miles by automobile, and claims no sign of increase is visible anywhere. From the neighboring States of North Dakota and Minnesota, emanate statements to the effect that the chicken has nearly attained a rara avis distinction. However, it is a dark cloud without some tinge of silver lining, and sundry specimens of the bird may be observed in taxidermist shop windows of Winnipeg and no doubt are found in Minneapolis and St. Paul.

A closure of season for prairie chicken, should have been placed upon the statute books of Manitoba and Saskatchewan a decade since. The remedial measure toward future preservation is far too late in the day, unless the present law extends over a lengthy term of years. Under existing enactment the ban is lifted in 1920, and more farcial procedure was never conceived by the legislative bodies in Winnipeg and Regina.

Opinions obtained from leading sportsmen scattered over the prairie provinces concerning the almost complete disappearance of prairie chicken, declare a variety of causes as responsible.

- 1. Selfish sportsmen.
- 2. Inclement weather conditions at period of nesting.
- 3. Destruction of eggs through various causes.

Your Eyes

A Wholesome, Cleansing, Refreshing and Healing Lotion—Mullein for Redness, Soreness, Granulation, Itching and Burning of the Eyes or Eyelids. "A Drop" After the Morning, Morning or Evening. For Sale in all Drug Stores. Write to Muller Eye Remedy Co., Chicago.

4. Killing of birds out of season.
5. Young chickens destroyed by weasels, cats and carnivorous birds.
The first cause is apparently indigenous to all countries. Manitoba and Saskatchewan have suffered this malady to greater extent than is generally supposed, and evidence of such can be gathered from the following episode.

A "sport" from Winnipeg was spending a week some years ago in Southern Manitoba. One morning he entered a piece of scrub with a well-trained dog, returning to the main road two hours later with thirty-eight birds! During that same day he secured upwards of one hundred chickens! Indeed, this class of murderous onslaught is not of solitary instance, as other "sported" sportsmen have to the absolute knowledge of people, returned into Winnipeg with upwards of three hundred birds obtained for purposes of sale and consignment to cold storage plants.

Another method and of frequent occurrence likewise, was to visit a stubble field with a wagon and rack, the latter covered with a few forkfuls of straw. Here was provided ambush for a trio, perhaps a quartet of men to play havoc among birds that remained feeding on the field and thus permitted the guns to attain close range. The result of such action may well be imagined. Yet another species of humanity masquerading as "sportsmen" sought strutting within a straw-stalk to "put" chicken feeding upon grain scattered roundabouts. During more recent years the automobile has figured upon the programme, but as the birds since "cars came into usage" were beginning to become of the scarcity class, results of this manoeuvre were not based upon profitable lines as formerly. The population of Manitoba and Saskatchewan 20 years ago, when prairie chicken abounded, was less than one half census figures could quote in 1919. This statement evokes little comment save that were birds plentiful at the present time, would such feature possibly continue?

Cause number 2, figures excessive rainfall and cold during period of raising young prairie chickens. This reason undoubtedly affords a most destructive agency for which remedy cannot be forthcoming, but is not of annual occurrence.

The destruction of eggs as enumerated in cause number 3 also plays a part in the drama. The following strange feature of egg demolition may appear as incredulous, nevertheless is matter of fact in support of which evidence can be produced. The robbery of nests is not confined to rodent or bird thief; human hands are its manipulating force! This trouble for the greater part is confined to localities within few miles of the large centres of population.

The shooting of birds before or after close season has largely decreased during recent years. Further comment is not necessary.

The Indian inhabitant is not without guilt in certain respects. He is, however, not to be blamed. It must be borne in mind the benevolent attitude of his guardians, the Dominion government, permits no relationship of the Neche to statutes governing game laws, except exterior of the land reservations. In order that prairie chicken or any game should be preserved, the Indian as with other classes of mankind should be compelled to respect any enactment provided by the legislatures.

The remedy to furnish for preservation of prairie chicken is difficult to determine. The present ban against the taking of these birds will, as previously stated, be lifted in the autumn of 1921. This proceeding cannot prove but of the greatest detriment toward preparation of a bird now of practical extinction within many localities of the Prairie Provinces—Athelney Evans, in Rod and Gun in Canada.

Prospecting For Oil
Kerobert district is experiencing an oil boom says the Regina Leader. Many people have filed claims as oil prospects during the past few days on land in that district. In two hours 20,000 acres had been leased.

It would appear that the announcement of an increase in rental prices has something to do with the present rush, also the oil spirit is in the wind. The territory northwest and west of Kerobert has been sounded for oil before with the result that there is a belief that with deep drilling oil will be produced in that locality.

DO YOU KNOW WHY

that old sore or skin disease of yours keeps out again? It's because the remedies you have been using do not get to the root of the disease, but remain on the surface. Try Zam-Buk! It penetrates to the underlying tissues, destroys all germs and cures from the "root" up. Hence Zam-Buk cures are lasting. All dealers, 50c. box.

Zam-Buk

Farmers Are Still Buying Automobiles

No Class of People Have Such Prospects for Continued Prosperity as the Farmers

Representative automobile dealers in all parts of Western Canada handling all types of cars are almost all agreed that the demand for new passenger cars will be as great during the next twelve months as at any previous time.

There are some very good reasons for this viewpoint. They are particularly in the rural districts, and they all centre around the fact that no one class of people today have so much ready money or such prospects for continued prosperity as the farmers. The farmers have also realized in the past few years, as never before, the real value in dollars and cents of what an automobile is to them in their every day life, not only in their work, but in their leisure time as well.

The following table is sufficiently comprehensive to give a striking impression of the growth in the number of automobiles in use in Western Canada during the last ten years. The figures contained therein are compiled up to and including September 1st of each year—

Automobile Registration in Western Canada				
Year	Man.	Sask.	Alta.	B.C.
1910	1,542	531	423	1,026
1911	2,599	1,304	1,631	2,220
1912	4,770	2,260	2,508	4,289
1913	5,406	4,659	3,773	6,138
1914	7,001	8,027	4,728	6,688
1915	8,812	10,255	5,832	7,440
1916	11,352	13,899	9,211	9,576
1917	17,040	31,381	15,025	11,386
1918	23,452	43,811	32,286	13,145
1919	33,896	54,754	34,362	19,050

Very little wind prevails in the Arctic regions, and this fact facilitates the transmission of sound. Persons there can converse when a mile apart.

Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they thoroughly cure indigestion and overcome the many annoying symptoms.

Dr. Chase's Kidney-Liver Pills

Under The Bolshevik Regime

British Officers Describe Unequalled
Horrors in Northern
Siberia

A party of British officers arriving at Harbin from Omsk and Chita declared that their experiences west of Irkutsk excelled all other previous horrors, says the London Times, Harbin, Manchuria, correspondent in a communication Feb. 19.—Files of naked and frozen bodies of men, women and children were stacked at every station, the correspondent quotes the officer as saying. "The Czechs took the engines from the hospital trains, leaving the sick to perish from cold and hunger."

OUT O' LUCK

Never mind! Just take
Cascarets if Biliious,
Constipated

Everyone must occasionally give to the bowels some regular help or else suffer from constipation, bilious attacks, stomach disorders and sick headache. But do not whip the bowels into activity with harsh cathartics. What the liver and bowels need is a gentle and natural tonic, one that can constantly be used without harm. The gentlest liver and bowel tonic is "Cascarets." They put the liver to work and cleanse the colon and bowels of all waste, toxins and poisons without griping—they never sicken or inconvenience you like Calomel, Salts, Oil, or Purgatives.

Twenty-five million boxes of Cascarets are sold each year. They work while you sleep. Cascarets cost so little, too.

Food Jump in Britain

The cost of all principal articles of food in England rose in January to 136 per cent. over the pre-war level; and is 126 per cent. on rent, clothing, light and fuel, according to statistics prepared by the American Chamber of Commerce in London.

"SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Wanted it Unalarmed

Over the telephone a worried voice addressed the proprietor of a small hardware store. The speaker began: "I come in your place today and bought one of them dollar alarm clocks, and you set it for me to go off at 5 o'clock in the mornin'. D'y'e remember?"

"Yes," said the hardware man, "I remember."

"Well," went on the other, "I've just found out that I don't have to get up at 5 o'clock in the mornin'."

"Glad to hear it," said the hardware man, "but what do you want me to do about it?"

"I want you," said the customer, "to tell me how to unarm this clock."

Manitoba Flax for Holland
Ten tons of flax fibre, valued at \$1,000 a ton, and 400 pounds of hemp fibre, an experimental crop from one acre sown in Beauséjour, Manitoba, district, have been shipped to Holland for manufacture. The provincial department of agriculture holds that the soil is particularly adapted for production of this fibre, and, grown in proper rotation with coarse grains, will prove very profitable to the farmer.

Carpets of the Homeric age were generally white.

ECZEMA IN RASH CUTICURA HEALS

Very Itchy and Burned.
Troubled Six Weeks.

"Our daughter's face came out in a rash that we were told was eczema. Her cheeks got sore and she rubbed causing loss of sleep. The breaking out was very itchy and burned so that I had to tie gloves on her hands to keep her from scratching."

"This trouble lasted about six weeks before I used Cuticura. I used one large box of Cuticura Ointment with two cakes of Cuticura Soap when she was healed." (Signed) Mrs. M. Stares, Blenheim Rd., Galt, Ont.
Cuticura Soap, Ointment and Talcum are ideal for daily toilet uses. The two people each of Cuticura Soap and Cuticura Ointment are sold everywhere. Get a bottle of Cuticura Soap and a box of Cuticura Ointment.

W. N. U. 1307

Admiral Jellicoe's Advice Is Given On Naval Question

Ottawa.—If Canada decides to co-operate in the general naval needs of the empire it may be convenient to possess a basis on which to build up her fleet. The basis suggested under these conditions is a fleet unit, which it is considered that war experience has shown, should comprise in the case of Canada:

One battle cruiser, two light cruisers, six destroyers, four submarines, and two fleet mine sweepers.

The naval force suggested as adequate, purely for the protection of Canada's ports, comprised:

Three light cruisers, one flotilla leader, twelve torpedo craft, eight submarines, with one parent ship.

The above excerpts from the report of Viscount Jellicoe, admiral of the fleet, on his naval mission to Canada, which was tabled in the Commons by Hon. C. C. Ballantyne, Minister of Naval Service, indicate what this eminent authority on naval affairs considers are Canada's naval requirements if she is to play her part in empire affairs, and also if she is to protect her own shores.

The report, which is not a lengthy one, after mentioning the subjects on which advice was requested by the Government of Canada, deals with the question of a Canadian navy under a number of specific heads. It mentions that naval assistance in the shape of cruisers, destroyers and other small vessels rendered during the last 18 months of the war by the United States was of great help in the institution of the system for protecting trade by convoy, and that without this help Great Britain would only have been able to use convoys to a sufficient extent to meet the submarine menace by abandoning some of her overseas expeditions.

Four suggestions ranging from a \$25,000,000 fleet to one costing \$5,000,000 are made by Admiral Jellicoe in his report. Although he does not state specifically what would be best of the fleets recommended for Canada as given above, he includes a table in his report which shows the cost of the various vessels mentioned. He placed the battle cruiser at four million pounds, or about \$20,000,000, and that of the light cruiser at approximately \$2,500,000. He emphasizes the importance of air work in the navy, stating that any navy to be complete must possess its proper complement of aircraft.

Egyptians Favor Freedom

Protest Against Suspension of the Assembly and Denounce the British Protectorate

LONDON.—Fifty-two members of the Egyptian legislative assembly recently met at the house of Said Zagloul Pasha, who headed the Egyptian mission to the peace conference, and adopted a resolution proclaiming the independence of Egypt and the Sudan, according to dispatches from Cairo.

A resolution also protested against the suspension of the assembly, and denounced the British protectorate.

GEE, I'M HAPPY My Catarrh All Gone

Suffered Like a Boob for Years—Got Relief in Ten Minutes

Catarrhazone Did Cure

That's the way hundreds of the boys around town are talking since Catarrhazone got into the drug stores. Nothing on earth like Catarrhazone to really cure Catarrh, Colds or Bronchitis.

"Catarrhazone"—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleared out, and all symptoms of cold and Catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhazone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhazone. All dealers sell Catarrhazone, large size which lasts two months, price \$1.00; small size 50c; sample size 25c.

Cost of New Parliament Building

Returns Tabled in House Show Considerable Sum Already Expended

Ottawa.—The new parliament buildings cost \$6,954,116 to February 28 last, according to a return tabled in the house. The contractors are to receive eight per cent. on the total cost of the building, dating from February 3, 1916, up to the amount of \$4,000,000, and seven per cent. on the cost in excess up to \$1,000,000, it being understood and agreed that they are not to receive anything in excess of the cost of \$5,000,000.

Architects receive five per cent. on the total cost of the work of reconstructing the parliament buildings, this commission to apply to the amount not exceeding \$5,000,000.

Hope to Beat R-34

New York.—Word comes from Philadelphia that the United States navy is to build the biggest and fastest dirigible in the world. This ship, it is said, is to surpass in size and power the R-34, the British dirigible which flew from England to New York and back last summer.

Condemns Attacks

Berlin.—The German imperial government has issued a proclamation signed by Reichstag Ruer, condemning attacks on members of the Reichstag. It declares that the ministers of defence will act with the greatest severity in punishing excesses.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes, when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Wonders of Wireless

New Receiving Device Enabled People in Streets to Hear Discussion in Airplane

New York.—Conversation by wireless telephone between passengers in a navy biplane and a motor truck stationed at Broadway and 42nd street, during an exhibition over the city, was heard by people standing around the truck at a distance of ten to fifteen feet. Hearing the voices from the occupants of the car attached to the gas-bag was possible, it was explained, through a recently devised receiving apparatus.

No Further Loans from U.S.

Washington.—The allied governments will receive no further loans from the United States government, Secretary Houston has announced.

W. N. U. 1307

Drury Government to Enforce Prohibition

Premier Assures Temperance Party That Act Will Be Made Effective

Toronto.—"It is our sincere desire to make the Ontario Temperance Act effective, and to enforce it in such a way that there will be no reaction, for we must not jeopardize the permanent cause of temperance in the provinces. We are as anxious as you to make the act effective, and we will move to that end as swiftly as possible, but with due deliberation."

Such was the assurance given by Premier Drury to a deputation of some 250 delegates from the Dominion alliance convention.

The Ontario branch of the alliance in convention, unanimously decided that legal difficulties must be removed before it will ask for a provincial plebiscite.

Made Her Feel Like A Different Person

WHY MRS. MILES WOOD RECOMMENDS DODD'S KIDNEY PILLS

She had kidney troubles and her feet swelled, but she states she found the relief she looked for in Dodd's Kidney Pills.

Ardent, Ont., March 15.—(Special).—"Dodd's Kidney Pills made me feel like a new person." That is the statement of Mrs. Miles Wood, a well-known and highly respected resident of this place.

"I was troubled with my kidneys," Mrs. Wood continues, "and my feet swelled. I tried Dodd's Kidney Pills with the result that the swelling is nearly all gone and I feel better in every way."

"To any person who is bothered with kidney trouble or with their feet and legs swelling, I would say, 'use Dodd's Kidney Pills.'"

The women of Canada have come to look on Dodd's Kidney Pills as a standard remedy for ailing kidneys. They act directly on the kidneys. They are purely and simply a kidney remedy. By putting the kidneys in good condition, to strain all the impurities, all the seeds of disease, out of the blood they carry good health to every part of the body. Ask your neighbor if Dodd's Kidney Pills do not help all kidney ills.

The Amazon is estimated to be nearly 700 feet deep at a point 1,000 miles from the sea.

Sims Interprets Meaning of the British Message

Assault on French Commission

Eight Men Drove Into Town Near Potsdam and Were Attacked By Inhabitants

Berlin.—Eight men, said to be members of a French aviation commission, who drove into Wernitz, near Potsdam, in a motor car from Berlin, were attacked by the inhabitants, who accused the men of poaching and summoned them to surrender. Four of the men obeyed, but the others tried to escape, one of them being wounded and later dying while being taken to a doctor. Two of the others later surrendered, and the fourth man escaped. The report on the incident has been transmitted to the French charge d'affaires here by an allied officer.

Von Hindenburg Again

Germany's Chief Military Training School Is Closed

Berlin.—The chief training school for cadets at Grosslichterfelde, Prussia, through which most of the officers of the German army passed, was closed, in accordance with the terms of the peace treaty.

There was an imposing military demonstration, attended by a number of officers in gala uniform, including Gen. Ludendorff.

Field Marshal von Hindenburg telegraphed to the cadets that the services they had rendered the country would never be forgotten.

Further Attacks

Paris.—Members of the allied military commission at Breslau were attacked by a mob, but were saved from injury by intervention of the police. The allied representatives were hooded and some stones were thrown by the crowd before it could be dispersed.

Washington.—When the British Government sent a message to the United States Naval Department in 1917 saying Britain "appreciated" what the United States was doing to keep down submarines, it was merely a case of international politeness, Admiral Sims told the senate investigating committee.

"They were thanking us for sending six destroyers," said the Admiral.

Delay by the United States navy in getting into the war in earnest was again scored by Admiral Sims, who repeated his declaration that the failure of the United States navy to co-operate fully with the allies during the first six months after the United States' declaration of war cost half a million lives, fifteen billion dollars, two million five hundred thousand tons of shipping, and prevented a victory over Germany by July, 1918.

Capitalists Multiplied Their Fortunes

While Working Man Gave His Mite to the State

London.—There are some interesting contrasts presenting economic conditions available here. Lord Colwyn, chairman of the income tax commission, gave the Manchester chamber of commerce three instances of inflated war fortunes. One man who was worth one million in 1914 had now multiplied it six times. Another man who had three million had multiplied it five or six times. Some aliens who came here during the war had capital of about £10,000. They got hold of things the government wanted, and their capital was now half a million pounds. Sir William Pearce, chairman of the committee on taxation of war wealth, told another gathering of a working man who presented the state with his entire war wages savings, amounting to 90 pounds, in recognition of the sacrifices of his fellow countrymen.

SUN LIFE ESTABLISHED NEW LANDMARKS in 1919

New milestones in the progress of the SUN LIFE ASSURANCE COMPANY OF CANADA were passed in 1919.

Applications received.....over \$100,000,000.00
Assets.....over \$100,000,000.00
Assurances in force.....over \$400,000,000.00

Gratifying progress was made in all other departments during the year.

SYNOPSIS OF RESULTS FOR 1919:

Assets as at 31st December, 1919.....	\$105,711,466.27
Increase over 1918.....	\$2,091,680.48
Cash Income from Premiums, Interest, Rents, etc., in 1919.....	28,794,261.10
Increase over 1918.....	6,844,404.64
Profits Paid or Allotted to Policyholders in 1919.....	4,053,101.41
Total Surplus 31st December, 1919, over all liabilities and capital.....	1,646,963.37
(According to the Company's standard, viz., for assurances, the O.M. (S) Table, with 2 1/2 per cent interest, and for annuities, the B.O. Select Annuity Tables with 3 1/4 per cent interest.)	
Death Claims, Matured Endowments, Profits, etc., during 1919.....	12,364,651.15
Payments to Policyholders since organization.....	91,227,532.30
Assurances issued and paid for in cash during 1919.....	66,548,849.44
Increase over 1918.....	24,557,437.40
Life Assurances in force 31st December, 1919.....	416,358,462.65
Increase over 1918.....	15,540,806.52
Life Assurances applied for during 1919.....	100,336,848.37
Increase over 1918.....	42,529,881.70

THE COMPANY'S GROWTH

YEAR	INCOME	ASSETS	LIFE ASSURANCES IN FORCE
1872	\$ 49,210.93	\$ 96,461.05	\$1,064,350.00
1884	278,179.65	836,897.24	6,844,404.64
1894	1,713,196.60	4,616,419.63	21,528,464.74
1904	4,561,936.19	17,851,760.92	85,237,663.83
1914	15,051,271.54	68,187,456.58	218,399,151.15
1919	28,794,261.10	105,711,466.27	416,358,462.65

The SUN LIFE issues more ordinary assurances annually than any other Company of the British Empire.

Cause of Early Old Age
The celebrated Dr. Mitchell, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Selig's Syrup" after meals makes your digestion sound, so

Grain Inspector at Calgary Busy
An enormous quantity of grain is pouring into Calgary, Alberta, from country points and a record number of cars containing wheat, oats and barley are being inspected by the government grain inspector. On March 2nd they totalled 185

Old Age Deferred
BY DR. LEE B. SMITH.
Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "settling up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anurio (anti-uric-acid). This "Anurio" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anurio dissolves uric acid as hot tea dissolves sugar.

Hire Canadian Airmen

Chinese Government Employing Aviators to Teach Chinese Students
Ten Canadian aviators are being hired at \$1,000 per month each by the Chinese government to teach Chinese students. Two Vancouver boys who will be in the party have received papers for their signatures to enter the service of the Chinese, who have purchased a number of Vickers planes. The Canadian party expects to leave Vancouver in May for Peking.

WHEN YOU SUFFER FROM RHEUMATISM

Almost any man will tell you that Sloan's Liniment means relief.

For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure. Women, too, by the hundreds of thousands, use it for relieving neuritis, lame backs, neuralgia, sick headaches. Clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Get it today. 35c, 70c, \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

It is estimated that Ireland's peat logs contain the equivalent of 5,000,000,000 tons of coal.

Minard's Liniment for sale everywhere.

Mountains in the United States is 1,000 miles.

Minard's Liniment Cures Dandruff.

Sun Life Shows Large Gains

49th Annual Report Is Issued, Showing Tremendous Expansion.

Several new and interesting records in the insurance business were made by the Sun Life Assurance Co. of Canada during 1919. The 49th annual report of the company has just been published and shows that the new business actually issued and paid for during the past year was \$86,548,850, being an increase of \$34,957,457, or 67.7 per cent., over 1918. The tremendous business of the Sun Life will be realized when it is stated that applications for new assurances retained during 1919 exceeded one hundred million dollars. The figure creates a distinct record in the insurance business of the Dominion, as no Canadian company has ever approached this total.

The business in force amounted to \$416,558,462, showing an increase of \$75,548,805. The assets of the company were increased by \$8,091,080, and now amount to \$105,711,468, while the report shows a net surplus of \$8,037,440 over and above all liabilities and capital stock, which indicates the importance attached by the company to safety and protection. The company paid out to policy-holders and their beneficiaries \$12,364,000, bringing the total amount paid out in this connection since organization to \$91,227,532. Another record was made in regard to income with a total of \$25,704,201, or an increase of \$4,053,101 over the previous year.

Owing to the remarkable development in the business of Canada's greatest life assurance corporation, the directors feel that the business in the Dominion is due to enormously expand during the present year.

LOSS OF STRENGTH THROUGH INDIGESTION

The Stomach Can Only Do Its Work When the Blood is Rich and Red

Indigestion means loss as well as suffering to many people. Loss of strength, loss of energy, and loss of money follows indigestion, and debility continues as long as the indigestion remains. Weakness suffers from indigestion, because their hours are long, and often they cannot give proper time to meals. Then the appetite becomes fickle, digestion becomes feeble and the blood becomes impoverished. So the general health suffers; languor, nervous troubles and often sleeplessness follows. It is well to remember that the whole system relies upon good blood and that good blood is impossible unless the digestion is good.

The stomach cannot do its work unless the blood is made rich and red, and so new blood alone can cure indigestion. It is for this reason that a remedy like Dr. Williams' Pink Pills, which makes new, rich blood, cures indigestion and builds up the whole system. The great value of Dr. Williams' Pink Pills in cases of this kind is proven by the statement of Mr. R. E. Small, Wingham, Ont., who says: "The truthfulness of my statement can be proven by scores of my friends and acquaintances. I am a glove cutter by trade, and for six long years have at times been a great sufferer from complication of ills chiefly due to indigestion. Gas would accumulate on the stomach, causing me great pain. I would bloat up at times, and almost suffocate, and often when at work would be overcome by a drowsy oppression which was almost insupportable. Finally I began the use of Dr. Williams' Pink Pills, and after taking seven boxes I feel like a new man. The transformation they have made in me is simply remarkable, and while using them I regained thirteen pounds in weight. I may add that I began the use of Dr. Williams' Pink Pills as a result of what they did for a niece, who underwent a critical operation, and who did not regain her strength until she started using the pills. In her case they fully restored her health, and this encouraged me to begin their use, with as I have said, the result is a complete restoration of health in my own case."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

Post Office Finances
The report of the Postmaster-General, which was tabled in the Commons, shows a net revenue for the fiscal year 1918-1919 of \$21,602,712, an increase of \$257,318, as against an expenditure of \$19,274,583, an increase of \$1,227,026. The surplus of revenue for the fiscal year over expenditures was \$2,328,128.

Will Abolish Conscription

All Conscribed Men Will Be Demobilized Before May 1

Conscription in Great Britain is to be abolished at the end of March, according to an announcement made by Winston Churchill, British Minister of War, in the House of Commons. This means that all conscripted men will be demobilized before May 1 at the latest. After that date the British army force will number about 220,000 exclusive of Indian troops. Any further reduction is improbable at present, owing to conditions in Palestine and Mesopotamia. The Minister of War has estimated that 35,000 men will be required to keep order in Ireland, where only 25,000 were stationed before the war.

GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy, and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed. Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.

University of Alberta Building Extension

Contract has been awarded by the provincial government for the erection of a new medical building in connection with the University of Alberta. The cost of the structure will be about three quarters of a million dollars.

The contractors propose to begin work on the new building right away. It will be similar to the arts building at the University.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown. I was so weak I could hardly stand, and my head ached every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and so removed her nervousness altogether.
